NSW-NOLS (National Outdoor Leadership School) Scholarship

The Foundation is offering a new scholarship with the National Outdoor Leadership School (NOLS). Two \$3,000 scholarships are being offered for the recipients to attend any one of a variety of courses offered by NOLS. The scholarship is open to dependent children of SEALs or SWCC (Special Warfare Combatant Crewmen) who are active duty or who have been members of the UDT-SEAL Association for the last four consecutive years (2009-2012.) In order to be eligible, applicants must be between the ages of 14 and 24 years old (different courses are available for different age groups) and must attend their NOLS course within 18 months of the date of their notification of selection.

NOLS, a non-profit founded in 1965, educates novice students and trains leaders for other wilderness programs. NOLS focuses on developing outdoor skills and competence, as well as leadership skills to prepare students to lead their peers in the outdoors. With headquarters in Lander, WY, NOLS has bases of operations in the Rockies, the Pacific North West, the Yukon, Alaska, the Southwest, Mexico, Chile, Australia and Patagonia.

NOLS offers a wide variety of courses covering a broad range of interests, year round. The courses are small, normally twelve to fifteen students with two to four instructors. All courses demand focus and discipline, and the willingness to sacrifice one's personal pleasures and needs for the group in austere, isolated, and pristine outdoor environments. NOLS calls this working together for the good of the group 'expeditionary behavior.' Leadership opportunities in a NOLS course are inescapable – everyone leads at some level and during some phase of the course. NOLS promotes seven leadership values: Expeditionary Behavior, Competence, Communication, Judgment and Decision Making, Tolerance for Uncertainty, Self Awareness, and Vision and Action. NOLS teaches skills to not just survive, but also to thrive and thoroughly enjoy the course environment, whether the course is sailing, mountaineering, glacier travel, rock climbing, kayaking, or backpacking.

NOLS is considered the "Gold Standard" in outdoor education and was recently ranked the #1 outdoor adventure program by Outside Magazine. NASA regularly contracts with NOLS to develop teamwork in their space shuttle crews. Last year 74 midshipman and new graduates from the Naval Academy participated in NOLS courses within the Naval Academy's Character Internship program. NOLS instructors are extremely well trained and experienced in facilitating groups of students in developing leadership and teamwork. NOLS courses are characterized by a high instructor to student ratio, well coordinated and effective logistics support, and an outstanding safety record.

Applicants must be aware that, depending on the course selected, additional costs could be significant – to include travel and equipment rental. Enrollment and getting selected is the responsibility of the student. Since many summer NOLS courses fill up, early application for the desired course is recommended, prior to notification of scholarship board results. The applicants must apply by filling out the application form available at www.nols.edu.

Applying to NOLS incurs a non-refundable \$65 application fee. NOLS normally requires a \$250 up-front down payment and the rest of the tuition within 2 weeks of notification of acceptance, which for the NOLS-Navy SEAL Foundation scholarship applicants they are willing to waive until notification of acceptance or decline of the scholarship.

NOLS-NSW Scholarship (only)

1. What NOLS course are you most interested in? Second choice?

2. Have you already applied to a NOLS course? If so, which one(s)?
